

INC-001 Incident Report

Incident ID: INC-001

Report Type: Incident Report

Date: 2026-08-01

Time: 21:30

Location: Downtown Warehouse District

Summary:

The manager of a small electronics warehouse reported that several boxes of networking equipment and laptop accessories were missing after the warehouse was closed.

Scene observations:

There were no obvious signs of forced entry at the main entrance. A side loading area showed signs of recent vehicle activity.

Initial witness information:

A nearby security guard reported seeing a dark-colored sedan leaving the loading area at approximately 21:20. The guard could not identify the license plate.

Evidence status:

The vehicle description is considered unverified witness information. The investigation remains open.
