

INC-006 Investigation Report

Incident ID: INC-006

Report Type: Investigation Report

Date: 2026-08-12

Time: 00:20

Location: River Road

A second construction site on River Road reported missing tools and equipment.

Scene findings:

Investigators found tire marks near the service entrance. The marks were documented but no definitive vehicle identification was made.

Relationship note:

The location and type of missing equipment are similar to INC-003. Investigators requested a comparison of the tire-mark evidence.

No conclusion has been made that the two incidents were committed by the same person or vehicle.
