

INC-008 CCTV Report

Incident ID: INC-008

Report Type: CCTV Review

Date: 2026-08-17

Time: 19:25

Location: Downtown

A retail security camera recorded a black sedan traveling along the street near the shop approximately ten minutes before the burglary was discovered.

The recording does not show the vehicle entering the shop property.

Investigative note:

The vehicle description matches the description in two other reports, but this alone does not establish that the same vehicle or person was responsible for the incidents.
